

COVID-19: PHYSICAL DISTANCING FOR CANADIAN BOATERS

PLANNING TO TRAVEL BY WATER?

Staying home saves lives, but if you are getting out on the water, be prepared:

- Avoid any unnecessary contact with others during your trip and respect local health authority's measures with respect to the size and make-up of your boating group.
- While preparing to leave shore and on the water, keep a distance of at least 2 metres from other people and boats as much as possible. This is the length of approximately:
 - ✓ 2 arm lengths
 - ✓ 0.5 Canoe
 - ✓ 1 Fishing rod
 - ✓ 1.5 Wakeboards
- Face coverings and non-medical masks can be useful for short periods of time, when physical distancing is not possible. Have one with you and check with your local health authority for further guidance.
 - ✓ If the face covering or non-medical mask becomes damp or wet, we encourage you to replace it with a dry one.
