CYBER MEMO

THE NEWS

A service economy

On August 9, the Township of Wentworth surveyed residents for their views on collection days and frequencies. We have heard your wish to modify the days and frequency of collection, in order to achieve significant budget savings. Following this citizen consultation, the municipality is very pleased to have received three submissions. Starting in January 2024, collection days will now be every second Tuesday for garbage and recycling! The 2024 Calendar will be available soon.

Winter bin collection

It's your responsibility to clear snow and de-ice your bins to prevent breakage. You must also ensure that your materials are collected. During winter storms, place your bin on your property near the road on the morning of collection.

A distribution of kitchen bins

The Municipality has recently begun distributing kitchen compost bins. Composting helps considerably reduce the amount of organic matter sent to landfill sites. At the same time, it enables the municipality to obtain government compensations for the disposal of residual materials.

Our website has a wealth of information to help you sort materials. In addition, we remind you that the Township of Wentworth has 5 community composters available 365 days a year:

- At the Municipal Garage - 114 Louisa Road (adjacent to the Fire Hall)
- At the intersection of Dunany and Boyd roads
- At the intersection of Glen and Charlie Chaplin roads
- At the intersection of Acres and Lac Louisa Sud roads
- At Lake Grace Park

ACTIVITIES

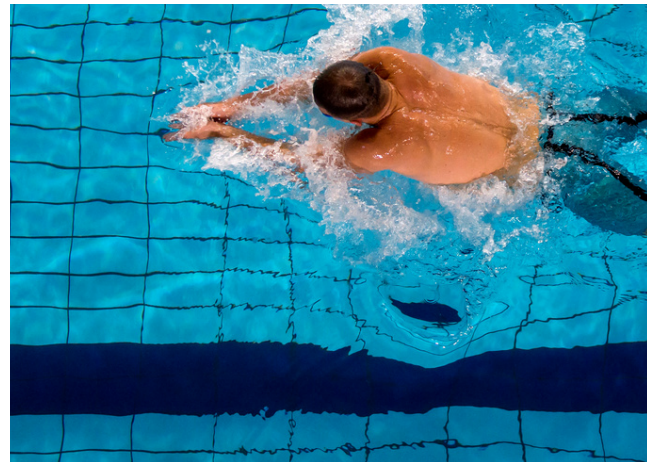

Access to Dunany Country Club

Once again this year, residents of the Township of Wentworth will have free access to the magnificent Dunany Golf Club course this winter through an agreement.

This enchanting site is ideal for cross-country skiing and snowshoeing.

Access to the indoor swimming pool

Thanks to shared management between the Centre de services scolaires de la Rivière du Nord, the Sir-Wilfrid-Laurier School Board, the MRC of Argenteuil and the City of Lachute, residents of the Township of Wentworth have free access to open swim sessions at Lavigne High School (entrance at the rear of the building). *Please note that strike days may affect aquatic programming.*

Aquatic programming

The WRC ice rink

As soon as the weather permits, the WRC ice rink will be open to all. Take the opportunity to simply skate or organize a game of hockey or broomball.

The WRC ice rink also has a heated locker room open 24/7.

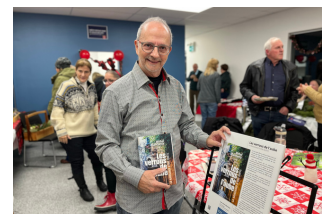

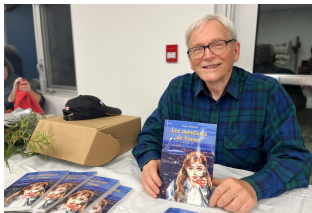

FOLLOW-UP

A successful tree lighting

On Friday December 1st, the traditional tree lighting took place. In total, more than a hundred people gathered at the Town Hall to celebrate and discuss. The talented voices of the Dunany Glee Club choir warmed us up, while local artisans spoiled us with the discovery of their products. We would like to thank the Family and Seniors Committee, the generous contributors for their contributions and everyone involved for their valuable help. Once again, we experienced a magical evening.

OTHERS

Christmas basket

Call for monetary donations

You have until **December 12** to make a cash donation. Christmas baskets will be filled with gift cards to support our local businesses, and then distributed to families in need. We'd like to thank you!

To receive a basket

You still have until **Friday, December 8** to register by contacting Johanne Asselin.

A new committee

The Municipality is proud to present to you the role and mandates of the new Civil Security Committee.

A first group was created to discuss public safety issues. This group will share best practices for neighborhood watch, review existing regulations and policies. The second group was created for emergency management. Part of the mandate will be to review the Municipality's civil security plan and make the necessary recommendations to Council.

Municipal spring

In winter, cold days can significantly lower the water level. It is therefore likely that the municipal spring, located at the junction of Source and Seale Roads, may be temporarily closed or that the flow may be reduced.
